Paris, June 4.-President Loubet, accom panied by the Premier, M. Dupuy, and the chief of the military household, Gen. M. C. Bailloud, drove to the Auteuil races this afternoon, closely followed by Mme. Loubet, in a second landau. As they drove along the Avenue des Champs Elysees the crowd bowed respectfully, but on arriving at Auteuil they were met by a violent demonstration, evidently organized and directed against the President.

There was a storm of hoots, yells, and cries of "Panama," "A bas Loubet," and "Vive l'Armee." A few shouts of "Vive Loubet" were drowned in the clamor. A strong force of police kept order and which the maximum punishment is five

arrested many of the disturbers, including a man who tried to force his way to the President's carriage.

During the second race the clamor increased to violence, and was plainly directed by a committee of the League of Patriots, collected with their supporters both before and behind the Presidential stand, around which a formidable affray proceeded. During the Grand Steeplechase many blows were struck, and several policemen were injured in their endeavors to prevent an invasion of the

At the crisis of the excitement, while shouts of "Vive l'Armee" and "Vive Deroulede" were heard on all sides, Count Christiani rushed toward the President, brandishing a stick, and directed a blow tachments of Republican Guards have against him, striking his hat. The crowd rushed upon Christiani, who only escaped severe handling by being taken under police protection.

President Loubet remained all the while quite unmoved, talking to the Premier, while the officers of his military household were defending him against violence. hold were defending him against violence.

The story originally appeared in La Presse, of this city, which said it had remade the Prefect of Police ordered the information from a source made, the Prefect of Police ordered the Republican Guards to surround the Presidential stand.

The principal leaders of the demonstration were M. Joseph Lasies, anti-Semite and Nationalist Deputy for Gers, and M. Firmin Faure, anti-Semite and Nationalist Deputy for Oran, Algeria.

Police Inspector Grilliere had his head seriously wounded in the melee, and President Loubet has since decorated him with the Cross of the Legion of Honor in recognition of his devotion to duty. On returning to the Elysee Palace M. Loubet received many sympathizing callers.

It seems certain that the demonstration was organized by the Jeunesse Royaliste, the Ligue des Patriotes, and the anti-Semites, the rallying singn being a carnation in the buttonhole. Special Cabinet Council.

A special Cabinet council was summoned at 9 o'clock this evening to consider the situation, and important measures were concerted, to be submitted to the President at another council to-morrow, for the preservation of order. The Ministers, who were in session until 11 o'clock, maintain strict reserve as to the nature of these measures, but a semi-official note has been issued, which says:

"The government will act with the greatest energy and will impose respect for the President and for the state. It is reported that a number of fresh arrests will be made to-morrow morning The events of the day will lead to an important discussion in the Chamber Deputies, where the government will de-mand a vote of confidence. There is some fear of a renewal of the disturbances, although the police precautions are of the most thorough character, and at a late hour this evening more or less exciteme s still observable on the boulevards.

Paris, June 6 .- The scenes at Auteuil on Sunday and in the Chamber of Deputies yesterday have only had the effect of increasing the popularity of President Lou-bet, and of strengthening the hands of the government. These statements called forth violent protests and shouts of "order," but M. de argentaye persisted, in spite of the rear and hooting, in declaring honest men were arrested yesterday. It was reported to-day that the Wilson woman told Detective Herlihy that on the Sunday of the kidnaping she met Carrie Jones in New York City, Carrie Jones told her the child was sick and in need of country air, and asked her if she would take the child to the country. She agreed to the proposition and took charge of the baby. The woman gave her considerable money and she left with the child. The Wilson woman is reported to have further said:
"I decline to state where I was with the

baby after I took it in charge. I did not know that Carrie Jones had kidnaped the baby. But I won't say any more."
